

Continuing Professional Development Workshop

Transference and Counter-transference - What's going on here?

Led by: Anna Pester BA(Hons) Counselling, Reg. MBACP (Accred)

Saturday 2 March 2019 (9.30 to 4.30)

The workshop aims to develop counsellors' knowledge of transference and counter-transference in working with clients to understand their internal structures and ways of relating interpersonally. It can be through working with the process of transference and our own counter-transference that the inner world of the client can be seen, understood and explored. This can be extremely helpful for the client's journey in therapy.
